

DIVISION VIII. INSPECTION

Section 8.01. Inspection by District Manager or Designee

All work done under the provision of this chapter shall be subject to inspection by and shall meet the approval of the District Manager or designee, provided, however, that approval by the District Manager shall not relieve the permittee or any other person from complying with any other applicable ordinance.

After the fee required has been paid and the permit issued, the District Manager or designee shall inspect the construction for compliance with the requirements of this chapter.

Section 8.02. Notification When Ready For Inspection

The permittee shall notify the District at least twenty-four hours prior to the time any inspection is to be made.

Section 8.03. Work Shall be Uncovered and Convenient

At the time of the inspection the permittee shall have all work uncovered and convenient, and shall give the District Manager or designee every facility to make a thorough inspection.

Section 8.04. Correction of Defective Work

If the construction does not conform to the provisions of this chapter, or if the permittee fails to prosecute the work with such diligence as to insure its completion within the time specified, the District Manager will notify the permittee in writing to comply. If the permittee fails to comply within five (5) days after the written notice, the permit shall be suspended or revoked in accordance with the procedures set forth hereinafter.

Section 8.05. Materials and Construction to Meet Standard Specifications

All material used in any work done under provisions of this Chapter shall be new, first-class material and shall conform to, and the manner of construction shall meet all the requirements prescribed in Chapter 7. All such work shall be approved by the District Manager or designee before a certificate of final inspection will be issued.

Section 8.06. Facilities Not to be Used Prior to Final Inspection

No sewer or other facility constructed under the provisions of this chapter shall be placed in use until the work has been approved by the District Manager and a certificate of final inspection has been issued. Exceptions to this requirement may be made only when the work is substantially complete and has been inspected, and if the District Manager determines that the best interests of the public will be served by permitting such use prior to completion of the work.
